**MOM:** Earth to Hannah, time for bed.

**HANNAH:** OK Mom, just a little bit longer. I'm finishing up my solar system project for the science fair tomorrow.

**MOM:** OK, five minutes.

Up there out there  
I want to go out there  
Where life is like  
A giant science fair

Wishin' I was on a mission  
Like Stardust or Kepler or Dawn  
Cruising the planets and beyond  
Seeing where it all comes from

The only place for me  
A place I can be free  
S-P-A-C-E  
It's where I got to be

The only place for me  
A place I can be free  
S-P-A-C-E  
It's where I got to be

The project's due tomorrow  
And I have to go to bed

**MOM:** OK Hannah, time's up

But I gotta finish it tonight  
Or else I'll get an F

**MOM:** I'm serious, Hannah

OK, I'm almost done

If I was smart as Einstein  
I'd have an easier time  
Like Newton or Galileo  
Those guys are my heroes

All the kids at school  
Don't think I'm very cool  
They call me space cadet  
Wish I could fly away in a rocket

The only place for me  
A place I can be free  
S-P-A-C-E  
It's where I got to be

The only place for me  
A place I can be free  
S-P-A-C-E  
It's where I got to be

Where I got to be  
Where I got to be  
S-P-A-C-E  
Where I got to be.
